

Sprint review

Basic info

Date	2020-10-30
Location	zoom
Attendance	all & product owners
Absent	none

Degree of completion

What has been done in this sprint

section	id	description
Usability testing	-	Create a new project item - passed
		Upload Artifact - passed
		Searching for projects - passed
		Sending a message - passed
		Update personal statement - passed
		Log out - passed
Personaire	-	Made 6 personaires
Bugs fixing	1	Artifact upload can upload arbitrary format of document now
Bugs fixing	2	Sign up didn't use the displayName field properly, fix now
Bugs fixing	3	Make the chat responsive

What hasn't been done

section	id	Can we abort it? (will do it in the SWOT if not)	description
interacting with other users	2	<input checked="" type="checkbox"/>	commenting
Portfolio Viewing	3	<input checked="" type="checkbox"/>	see the number of viewers
Privacy	1	<input checked="" type="checkbox"/>	visibility
Authentication	1	<input checked="" type="checkbox"/>	reset the password, this function is unnecessary so far since we log in with google, GitHub or Facebook
	5	<input checked="" type="checkbox"/>	sensor users posts, we can delete illegal content for database directly
Client suggestion	3	<input checked="" type="checkbox"/>	User can upload a CV
Client suggestion	1	done in vicent's branch, but causes uncorrectable conflict with the master branch	Allowing users to sign up using just their email
Client suggestion	2	done in vicent's branch, but causes uncorrectable conflict with the master branch	The website should redirect the user to their profile page as soon as they log in

Acceptance test

Category	ID	steps	acceptance test	critical (yes /not)	pass /fail	comment
Bugs fixing	1	1	upload arbitrary format of document	yes	<input checked="" type="checkbox"/>	

Bugs fixing	2	1	sign up then look at the name filed	yes	<input checked="" type="checkbox"/>	
Bugs fixing	3	1	Send anyone a text	yes	<input checked="" type="checkbox"/>	
Personaire	-	1	look at some of the personaires	no	<input checked="" type="checkbox"/>	
Usability testing	-	1	Look at some of the usability testing questionnaires. Fahmi and As if will explain them further.	no	<input checked="" type="checkbox"/>	

Product owner suggestions:

Moving the upload bottom higher.

Product owner overall comments:

- 1.they liked our overall app
- 2.everything was in a sensible place, easy to use
- 3.they liked the search feature
